Bailey Tanks

SPECIAL

103 Olsen Avenue Labrador 4215

PH: 5537 9419

BAILEY tanks are moulded in tough food grade polyethylene plastic and exceed the Australian standard AS/NZS4766 for upright polyethylene tanks. They won't crack, fade or rust and their one-piece construction makes them exceptionally strong and easy to clean. They are UV-stabilised to withstand the harsh Australian sun.

Bailey tanks are free from leeching or osmosis and inhibit algae growth. To prevent any exposure to chemical residues, we do not use any reconstituted or previously used materials. All tanks have mosquito proof leaf strainers and overflows.

Free pump (only available with certain tank sizes & colours) Bianco automatic house hold pressure pump: 2 Year Warranty

- Gate valve (tap) and reducing nipple \$20
- Pressure pump 40PSI – 25LPM pump \$400. If purchased with tank SPECIAL \$300
- Line strainer \$29.90
- Suction connection kit \$20
- Moss pump cover \$50
- Tank gauge \$39.
- First flush water diverter 90mm \$51 or 100mm \$68
